US/UK income tax return
preparation, advice and planning
for US citizens living in the UK

WHY ARE US CITIZENS SO SPECIAL?

One of the reasons is because US citizens must file tax returns regardless of their country of residence. US citizens paying tax in the UK are still required to file annually with the US, even when there is no tax due. In addition, the requirement to file Foreign Bank Account Reporting forms remains even when you do not owe tax — and there can be significant penalties for each form not filed correctly.

Hansen Sweeney Accountants have a dedicated team that specialises in filing multi-year returns, bringing clients up-to-date where they have not filed for a number of years, both in the UK or US.
